Dr. Dan Stepenosky
Superintendent
LVUSD

"Thanks to The Foundation we were able to add counselors and increase counseling services at every school site. LVUSD now has the lowest student to counselor ratio in the region. Our counselors provide individual and group support for the academic success, and emotional and social well-being of all of our students."

Angela Cutbill
School Board
LVUSD

"The Foundation shows what our community can accomplish when we all join together to support our kids and our schools. There is a link between a high performing fully funded school district and elevated property values, thriving businesses, and a high quality of life."

Richard Lopez
Calabasas High School
Faculty

"As an English teacher, I'm so grateful that The Foundation is working to keep class sizes smaller. With smaller classes, I'm able to teach more writing skills and give more in depth feedback to each student."

At the core of a strong community is a healthy and vibrant public school system

Las Virgenes Unified School District (LVUSD) is a preschool through high school district headquartered in Calabasas, California. Serving approximately 11,500 students from Agoura Hills, Bell Canyon, Calabasas, Hidden Hills and the Los Angeles County portion of Westlake Village, the district consists of 15 public schools.

Unfortunately, for the fifth year in a row, the state of California has taken more money from schools than it has provided. Last year, the state "clawback" totaled \$1.2 million from LVUSD. Much of this is to shore up the state obligations to pension funds (STRS and PERS). Five years ago the state adopted a new funding model which has resulted in LVUSD's per-pupil funding being one of the lowest in the state.

The Foundation for Las Virgenes Schools is a volunteer parent organization that fills the gaps between state funding and works with the school district in charitable and fundraising activities in an effort to help make sure each child gets the strongest education possible. A non-profit education foundation that exists solely for the purpose of supporting the 15 schools in the Las Virgenes Unified School District, we believe our mission to ensure that our district has funds to deliver an exceptional education experience to every student.

Last year The Foundation raised over \$210,000 and since its inception, we have raised \$2.2 million for Las Virgenes schools! The Foundation's initiatives include; targeted class-size reductions in primary schools, hiring credentialed teachers and mental health and wellness counselors, and adding sections of core high school classes.
